## **Your God-given purpose – Program 925**

Guests: Janet Clements, Darren Mackay, Sharon Carper

What's your purpose in life? It's a big question, and a vital one. The Bible reveals that our real life-purpose is established forever by our Creator, God. It's to express His loving, intelligent nature as His very image, in whatever we're doing. This life-purpose is not something that comes and goes with circumstances. It's a permanent, built-in aspect of who we really are. Hear about your spiritual purpose and why it's the basis of a fulfilling life that blesses others.
